

Annualized Income Installment Worksheet for Underpayment of Estimated Tax

2005

(Information and Instructions on back of page)

	A	B	C	D
	First three months of tax year	First five months of tax year	First eight months of tax year	First eleven months of tax year
1. Annualization periods.	1			
2. Enter Adjusted Federal Taxable Income for each annualization period (See instructions).	2			
3. Annualization amounts.	3	4	2.4	1.5
4. Annualized taxable income. Multiply line 2 by line 3.	4			
5. Calculate the gross tax on the amount on line 4 in each column (See instructions).	5			
6. Maine tax. Multiply line 5 by the Maine apportionment percentage on Form 1120ME, Schedule A, line 15	6			
7. Enter alternative minimum tax for each payment period (See instructions).	7			
8. Total tax. Add lines 6 and 7.	8			
9. For each period, enter the same type of credits as allowed on Form 2220ME, line 1.	9			
10. Total tax after credits. Subtract line 9 from line 8. If zero or less, enter 0.	10			
11. Applicable percentage.	11	25%	50%	75%
12. Multiply line 10 by line 11.	12			
13. For columns B, C and D, add the amount(s) from line 19 of all of the preceding columns.	13			
14. Annualized income installments. Subtract line 13 from line 12. If zero or less, enter 0.	14			
15. Enter 25% of line 4 of Form 2220ME in each column. (Note: "Large corporations" see instructions.)	15			
16. For columns B, C and D, enter the amount from line 18 of the preceding column.	16			
17. Add lines 15 and 16.	17			
18. For columns A, B and C, if line 17 is more than line 14, subtract line 14 from line 17; otherwise, enter 0.	18			
19. Required installments. Enter the smaller of line 14 or line 17 here and on Form 2220ME, line 5.	19			

INFORMATION

PURPOSE OF WORKSHEET: Taxpayers are required to make four equal installments of estimated tax unless the actual liability can be established, by adequate record, for each required installment payment of estimated tax. This worksheet will enable corporations and financial institutions to determine the actual amount of tax liability for each of the estimated tax payment due dates in the tax year. You may be able to lower or eliminate the amount of your quarterly estimated tax payments by using the annualized income installment method.

WHO MAY USE THIS WORKSHEET: You may use this worksheet if your income varied significantly during the year. Significant income variation may occur if, for example, you own a seasonal business or the majority of your income was received at once.

USE WITH FORM 2220ME: This worksheet may be used in conjunction with Form 2220ME, Underpayment of Estimated Tax. Enter the actual tax liability amounts of line 18 on Form 2220ME, line 5.

GENERAL INSTRUCTIONS

1. You **must** complete Form 2220ME, lines 1 through 4, before completing this worksheet.
2. You **must** complete lines 1-18 in each column before going on to the next column.
3. If line 1 or line 3 of Form 2220ME is less than \$1,000, do not complete this worksheet. You are not required to pay estimated tax if your tax liability for 2005, reduced by allowable credits, is less than \$1,000.

SPECIFIC INSTRUCTIONS

Line 1 - Annualization periods: These periods may or may not be the same as your federal periods. See 36 M.R.S.A. § 5228(5).

Line 2 - Adjusted federal taxable income. Enter adjusted federal taxable income from Form 1120ME, Line 5 or 1120A-ME, Line 5.

Line 5 - Calculate gross tax. Calculate the gross tax on the amount on line 4 in each column using the tax table below.

If Maine net income is:

Greater Than	But not over	The tax is:
\$ 0	\$ 25,000	3.5% of Maine net income
25,000	75,000	\$875 plus 7.93% of the excess over \$ 25,000
75,000	250,000	\$4,840 plus 8.33% of the excess over \$ 75,000
250,000	or more	\$19,418 plus 8.93% of the excess over \$250,000

Line 7 - Alternative minimum tax: For the annualized income amounts on line 4 in each column, calculate the alternative minimum tax using the federal Form 4626 and Maine Form 1120ME, Schedule B. If the annualization amounts on line 3 are the same as those used for federal purposes (federal Form 2220, Schedule A, line 22), the federal alternative minimum taxable income ("AMTI") used for calculating the minimum tax on federal Form 2220, Schedule A, line 25 may be used. Otherwise, a separate AMTI must be calculated.

Line 15 - Large corporations: A large corporation is defined by IRC § 6655(g)(2)(A). Such large corporations may elect to determine the first required installment for any taxable year based on the preceding year's state income tax liability, if that preceding year was a taxable year of 12 months. However, if the corporation so elects, the second required installment for the taxable year must equal 90% of the corporation's income tax liability for the first half of the current year, less the amount of the first installment for the taxable year as determined under this provision.
